TOWN REPORT FISCAL YEAR 2016

BOARD OF SELECTMEN

The Georgetown Board of Selectmen is pleased to submit to the residents of Georgetown our annual report for the fiscal year 2016 (July 1, 2015 through June 30, 2016). The Board of Selectmen is comprised of five members, who are elected individuals and volunteers, entrusted with the responsibility to set policy and oversee the management of municipal functions of local government. The Board meets regularly on every other Monday evening to conduct the business of the Town. Meetings are open to all interested citizens and are broadcast live on cable television's community channels as well as reported by the local newspapers. Throughout this past year, the Board carried out the usual array of governance functions that occur in any year – setting fiscal, administrative and operational policies, personnel appointments, public safety reviews, resolutions to commemorate milestones, etc. The more noteworthy actions and events of FY 16 include:

Population Growth and Economy – According to the US Census data, the estimated population in Georgetown has grown from 8,183 persons in 2010 to 8,766 through 2015 – a growth of 10.7% over the period. Also, according to US Labor Department Statistics, as of July 1, 2015, the median home income for Georgetown was \$109,700 while unemployment rate was 3.4%, significantly better than the State unemployment average of 4.7%. Georgetown continues to remain a healthy and swift growing community.

<u>Fire Chief Retires and New Fire Chief Hired</u> - After nearly 30 years of firefighting, command and instruction, Fire Chief Al Beardsley retired from leading the Georgetown Fire Department after nearly seven great years of service. The Selectmen appointed Fred Mitchell Jr. on Oct. 4. Chief Mitchell, formerly the deputy chief of the North Cumberland, R.I. department, and has 31 years of firefighting experience, assumed command.

<u>Town Improvements</u> — With the oversight of Mike Farrell, our Town Administrator and funds from our Community Preservation Commission, along with support from the Essex County Sherriff, Sherriff Cousins, the historic Town Hall was painted. Aulson Roofing provided project management and training for low level offender volunteer inmates and the result was a savings of nearly \$50,000 to the Town.

New Senior Center - Funding was approved at the Fall Special Town Meeting to convert the now empty wing of the Perley School into a new Senior Community Center. Construction began with the free help of at least thirteen carpentry students from the Whittier Vocational School. CPC funding allowed for the hiring of General Contractor Ambient Temperature Controls to upgrade the HVAC, electric and mechanicals in the wing. Additional help from School Department maintenance and janitorial staff for interior and exterior painting and flooring is expected.

<u>Long Range Strategic Planning</u> – Georgetown Citizens meet on two Fall Saturdays in sessions led by the UMass Boston Collins Center to develop a long term vision for the Town's strategic planning effort.

Governor's Community Compact – The Town joined Governor Baker's effort to help Massachusetts' Local Governments develop best business practices. The Board of Selectmen have adopted Long Range Financial Planning as a best practice, and was awarded an \$18,000 grant to develop a ten year financial forecast. A second best practice involving the Mass DOT Complete Streets Program is still pending.

<u>Town Election Results & Other Personnel Changes</u> — In an uncontested Selectmen race, newcomer Steven Sadler was elected to a 3 year term. Sadler replaced three term Selectman Phil Trapani who chose not to run. In a contested race former Finance and Advisory Committee member Joseph Bonavita defeated George Perkins to fill the unexpired term of Stuart Egenberg, who moved out of Town and had to resign. Selectman David Surface was also voted by the Board of Selectmen to serve as Chairman.

In other election results, Beverly Enos defeated Joseph Soucy for a three years term as Town Moderator. Re-elected in unopposed races were Janice McGrane for three years as Town Clerk; Peter Durkee for three years as Highway Surveyor; and Harry LaCortiglia for five years as Planning Board member.

Newly elected office holders include: Cheryl Lachendro, School Committee; Mark T. Anderson, Light Commissioner; Stephen M. King, Water Commissioner; Phillip M. Cardoza, Housing Authority.

Re-elected to terms on the Library Board of Trustees were Susan L. Clohecy, and Susan K. Clay. Voters also re-elected Thomas Berube as Town Assessor, but shortly after the election he resigned his elected post and was hired as the Town's fulltime Assistant Assessor, filling the position of long-time Assistant Assessor Jay Ferreria, who resigned.

Two other Town Hall staff members were hired this year. Les Godin is our new Building Inspector/Code Officer, and Heidi Murphy is our new Town Planner.

Town Administrator, Mike Farrell, and Police Chief, Donald Cudmore both had their employment contracts extended for three additional years.

Financial Management – Georgetown maintained our AA Bond Rating through strong governance and financial management. The budget in 2016 was balanced and level services were provided for the community. The contribution of State aid continues to decline as a percentage of our overall operating budget. In 2010, the State contributed 30.1% of our operating budget. In 2016, that number decreased to 23%.

Three Term Selectman Phil Trapani — did not seek a fourth term, opting instead to relinquish more of his time to family, work and other endeavors. Although, he does not plan to step totally away from volunteering his time with the Town. Phil will be working on the Historical Commission, and will continue to play a role in the Georgetown Long-Range Strategic Planning effort.

<u>In Memoriam</u> – Georgette Dows – Longtime Children's Librarian.

REPORT FROM THE GEORGETOWN PUBLIC SCHOOLS

On behalf of the Georgetown School Committee, the administration, staff and students, it is my pleasure to submit the 2015-2016 Annual Town Report for the Georgetown Public Schools. We continue to make steady progress in achieving our strategic goals and are proud of our accomplishments. Again this year, the district was recognized by Boston Magazine and ranked 24th out of 155 which is the highest rating we have ever achieved. Only one school district on the North Shore ranked higher than us on this year's report. The administration, staff and students deserve a lot of credit for earning this honor.

Our students continued to achieve academically and athletically this past year. Twenty seven (27) seniors earned John and Abigail Adams Scholarships. These scholarships are awarded by the state based upon high MCAS performance and they qualify students for free tuition at a Massachusetts college or university of their choice. Twenty five (25) students were inducted into the National Honor Society. The average scores on Advanced Placement exams in all six subjects were within the proficient score range of 3-5 with the average score being 4.0 overall. One hundred percent (100%) of graduating seniors passed the MCAS reading and mathematics exams and met the graduation requirement from the state. Our SAT scores continued to exceed state and national benchmarks as shown in the chart below.

2015 National SAT Writing Subscores

- Multiple Choice Mean 48.4
- Essay Mean -6.9

As you can see, the critical reading performance on the SAT was 32 points above the statewide average and 55 points above the national average. Math performance was 4 points above the statewide average and 26 points above the national average. Writing performance was 34 points above the state average and 58 points above the national average.

Michael Kelley received the Superintendent's Award and the School Committee awarded \$26,000 in Baker Adams Scholarships to ten students in recognition of their academic performance, school involvement and commitment to community service. Michael Kelley was awarded the \$4,000 Citizen's Scholar Award for community service.

Ninety one percent (91%) of the graduating class went on to further their education and three percent (3%) joined the military. Our seniors were accepted to many prestigious colleges including Babson College, Bentley College, Boston College, Boston University, Brown University, Elmira College, Endicott College, Fordham University, George Washington University, Merrimack College, Northeastern University, Providence College, Rice University, Rochester Institute of Technology, Roger Williams University, Saint Anselm College, Suffolk University, The Ohio State University, University of Massachusetts, and Wentworth Institute of Technology.

Last year, the state allowed districts to select whether to administer the MCAS exam or choose to have students pilot the PARCC assessment while the Department of Elementary and Secondary Education and the State Board of Education make their final decision about the future of the state test. The School Committee and the administration decided to administer the MCAS exam and the results from the spring test are shown in the table below. The High School was ranked Level 1, the Middle School was ranked Level 2 and the Penn Brook School was ranked Level 3 for not meeting state benchmarks for the subgroup of special education. The school is working diligently on their action plan to address this performance gap and I am confident that with their commitment and the assistance of the state, this ranking will be short-lived. This is the last year that the traditional MCAS test will be administered. Beginning in 2016-2017, all district's will take the newly designed Next generation MCAS 2.0 which will eventually be on line and it is a combination of the old MCAS standards and the PARCC assessment based on the Common Core standards.

Athletics

The Georgetown Athletic Program continued to offer a full complement of sports in the fall, winter and spring and earned a number of league awards. In the fall, the girls' soccer, cheer, volleyball (first year program), golf and football teams each were awarded the Cape Ann League Sportsmanship Award by the league officials. This says a lot about our programs and the commitment we have to representing our school well in every athletic contest. Cross country qualified for ALL States which is quite an accomplishment and the cheer team won the Cape Ann League in the Coed Division and qualified for the state cheering tournament. In the winter, the girls' basketball team finished with their best record in the past several seasons and went to the postseason

tournament through the first round. The wrestling team finished their season with 16 wins which was the most wins in the school's history. They also won the CAL Sportsmanship Award. In the spring, the baseball and softball teams went to postseason play. Baseball won the Division IV North and Cape Ann Championships.

Numerous students were recognized for their individual accomplishments. Congratulations to Cape Ann All-Stars Danielle Cudmore, Nikki Hogan, Brendan Willis, Ryan Slack, Molly Janell, Maggie Noelk, Dana Edwards, Julia Trapani, David Shane, Hender Winer, Jim Sherman, Dan Lavelle, Ryan Sherman, Eric Bratland, Zachary Beauvais, Mark Mansfield, Nick Calvani, Grace Sousa, Robert Blythe, Adara Vasquez, Rory Donoghue, Cayla Durkee, Carsten LaPlante, Josiah Krason, Graceann Conte, Kylie Hayward, Kate Irons, Danielle Quercia, Mike Goddu, Kyle Nelson, Richie Gray, Alex Bornholdt, Nick DePasquale, and Scott Conte.

Staff News

In May 2016, two existing School Committee members ran for two open seats so there was no turnover on the Committee.

The district celebrated the retirement of several long time employees who have made significant contributions to the success of the district both personally and professionally. They have left a legacy of dedicated service and they will be greatly missed. Congratulations to Laura LaFlamme, Irene Kelley, Karen Young and Warren Young on their retirements and we wish all of them a long, happy and healthy retirement!

Each year we recognize those employees who have given 20, 25, 30, 35 and 40 years of dedicated service to the district. It is with pride that we recognize the following employees for their longstanding dedication:

20 Years	30 Years
Debra Boisselle	Sylvia George
Cerise Cauthron	Barry Belanger

Donna Warren

We were saddened to lose several administrators who played a key role in the district's success but I want to recognize and thank them publicly. Dr. Julie DeRoche, Director of Curriculum and Instruction accepted a similar role in Manchester-Essex. Dr. Donna Straight, the Director of Student Services became the Assistant Superintendent in North Andover and Joan Liporto, Director of Finance and Operations became the Business Manager in the Amesbury Public Schools. I wish them all great success in their new districts and our loss is their gain.

Budget and Finance

In March, 2015, the School Committee approved a budget in the amount of \$13,932,226 (a 2.61% increase from FY15) and a \$20,000 increase of the Superintendent's Recommended budget of \$13,912,226. The Finance Committee reduced the School Committee approved budget by \$128,972 to a budget of \$13,803,254 or 1.67% (or \$225,447) increase over the FY15 budget.

The FY16 initial budget was developed in accordance with the recommendations of the Town Administrator to keep the increase to 2.5% over FY15. The Superintendent's recommended budget included a significant increase for the newly solicited bus contract, an increase of \$53,890 as well as salary increases of 4.46% percent which represented negotiated contractual increases as well as step and scale increases for the professional teaching staff.

In developing the FY16 budget, the district had to make accommodations for the staffing for the new Penn Brook School through reallocation of staff from both the Perley School as well as the Middle/High School. In addition, to provide the necessary level of services for the remaining preschool student population, the salaries of the Perley Nurse, secretary, and custodian had to be maintained and were allocated for a portion of the salary to the Preschool Revolving Account.

The recommended budget reduced special education tuition by 10.77% or \$104,014. There were also reductions at the Middle/High School of 1.8 FTE teachers as well as 3 paraprofessionals across the district. In addition, the Maintenance of Buildings and Grounds account was reduced by \$25,000 which causes great concern that the district will be able to maintain the new school appropriately.

The budget also included necessary additional positions caused by the opening of the new school. Those additions include a new clerk typist position (\$20,360), a new medical assistant position (\$20,360), two new custodial positions (\$41,336 and redirection of funds from positions at other schools) and a half time special education teacher.

The School Committee approved budget included \$20,000 to fund a half-time maintenance position. This position was not filled.

The special education tuition budget for out of district expenses was reduced by \$104,014 based upon the current number of students in out of district placements. The Director of Special Education notified the School Committee that she was facing the possibility of having to add to the budget because of at least three students who may be placed outside the district in FY16. The Budget & Finance Subcommittee decided that, consistent with the prior year's approach and in agreement with the Finance and Advisory Committee's recommendation, these three new placements would not be included in the adopted budget and would be paid for by circuit breaker funds if needed.

Through the work of the Special Education Director and the Director of Finance and Operations, the school district continues generate additional Medicaid revenue for the town. The town continued to receive approximately \$55,000 annually. The district also continued to participate in the USAC School and Libraries Division E-Rate program which generates reimbursement for the cost of telephone and Internet services, which offset the cost of our telephones, cell phones and Internet services.

The district operated successful before and after school programs at each elementary school which also included comprehensive enrichment programs. We continued to offer a vibrant tuition-based preschool program at the Perley School. We received a record number of donations through local organizations, the PTA, individual donors and parents. These very generous donations enabled the district to purchase much needed technology equipment and offer additional enrichment.

The Director of Food Services and her staff opened the brand new Penn Brook kitchen in September. It took a little time to develop a schedule which operated smoothly with over 750 students and 6 lunch periods. Overall, the transition went well. At the same time, the department rolled out a new online payment system, Nutrikids, which makes it easier for parents and staff. The Director wrote and received two grants, the first, a \$2,900 garden grant which was used at the high school and the second a \$4,000 "Wellness Initiative for Student Success". The department also expanded their catering options to include school luncheons, birthday celebrations and the after school program. The Food Services Department was also featured in a USDA blog for participating in their "Smarter Lunchrooms" program with the goal of making minor shifts in the kitchen layout to increase students' likelihood of consuming healthier choices and increasing Georgetown's score by a significant amount.

The Buildings and Grounds department, under the leadership of the Director, had a very busy start to the summer, which began by moving all three schools. Bids were solicited and a moving company was hired to do most of the work, however, the smaller moves from the Perley and Middle Schools were completed using our district maintenance and custodial staff. The maintenance staff along with the director learned all of the new Penn Brook systems as well as the technology systems.

The Middle High School Project began as school as out in June. Although the completion date for most of the project was set to be complete before school started in September, there was an issue with a storm and a severe roof leak which caused a delay in the completion and consequently delayed the start of school. The maintenance and custodial staff did a remarkable job of helping the school to get ready to open with little time available. The project was completed by late fall.

The Perley School Roof Replacement project was completed in the fall of 2015 through a CPC warrant article that had been previously approved. The project began in the summer and was the full replacement of the historic slate roof. It was completed by the end of the fall. The district contributed an additional \$30,000 to complete the project.

The district continued its strong working relationship with the GAA in the maintenance of all our fields and planning for future projects. The district and the town continued discussions about opening a senior center in a portion of the vacant wing of the Perley School and both the School Committee and Selectmen signed a Memorandum of Understanding relative to the use of this space. An architect developed plans and the project was set to begin in July 2016. We are excited about this project and very happy for the seniors in town that they will soon have a home to call their own.

Respectfully Submitted,

Carol Jacobs, Superintendent of Schools

ANNUAL OPERATIONAL REPORT

TO:

The Honorable Board of Selectmen

FROM:

Dr. Jo-Ann Testaverde, Whittier Representative

Maureen Lynch, Superintendent

Whittier offers 22 vocational technical career areas designed to provide the necessary training and skills for further education or work force success.

Whittier's academic program is designed to offer students the fundamental skills through its core curriculum in English, Math, Science and Technology, Social Studies, World Languages, Physical Education/Health, and Elective subjects. Courses are aligned with the Massachusetts Curriculum Frameworks in order to achieve success on the MCAS.

Courses are offered in a sequential format and are integrated with the vocational-technical areas, wherever practicable and mutually beneficial. All academic courses offer advanced sections for students who desire to further their education. We offer honors courses in English, science, and math to lead toward advanced placement courses. Moreover, a Tech Prep program is offered to eleventh and twelfth grade students which parallels the College Prep program and provides students with the opportunity to earn college credit and/or advanced college placement.

Since all programs are open to both females and males, we encourage our students to explore and to specialize in non-stereotyped, non-traditional vocational-technical areas and to strive for the maximum realization of their goals and potential.

Whittier Regional Vocational Technical High School is entering its forty third year. To date we have graduated 10,932 students from the day school.

FISCAL YEAR 2016 ANNUAL REPORT

The Georgetown Affordable Housing Trust was established on September 14, 2009 acting by and through its Board of Selectmen as approved by vote of the Special Town Meeting of November 17, 2008 under Article 8, pursuant to the provisions of M.G.L. c. 44, Section 55C.

Trustees are appointed every two years. There is currently one vacancy as Phil Trapani resigned this year. The Trustees very much appreciate his years of service on the AHT. The Trustees have made this vacancy aware to the Board of Selectmen and hope to fill the vacancy soon. Anyone wishing to apply should contact Janet Pantano at the Board of Selectmen's Office via http://georgetownmaboards.vt-s.net/boardview.php

The existing AHT Trust members are as follows:

Member Name/Title	Expiration Date
Timothy Gerraughty, Chairman	6/30/2018
C. David Surface	6/30/2017
Paul Nelson	6/30/2018
Charles Keilty	6/30/2017

The Georgetown Affordable Housing Trust (AHT) receives funding from the Community Preservation Committee each year at Town Meeting. This block grant from the CPC is used to support both the creation of additional 'affordable housing' and the AHT's 'Rental Assistance Program.

This year was a really exciting year for the AHT in regards to the creation of affordable housing.

The Trust utilizes CPC grant funds, added to the Trust's current funds designated for the purpose of pursuing the creation of both rental and owned 'affordable properties', so that the aggregated total is adequate to pursue many of these 'opportunities' for the creation of affordable housing.

Specifically, this year we expended approximately \$220,000 buying 44 Searle Street [purchase and insurance, etc. at 32 Lisa Lane and adapting it to 'rental use'. We worked with the developer of 44 Searle Street, in tandem with the Planning Board, to provide an affordable housing fractional trust payment to the Trust. This property will be rented to an affordable applicant and added to Georgetown's Subsidized Housing Inventory (SHI) list maintained by the DHCD via the consultant the Trust hired. The Trust's consultant also will hold affordable housing lottery inventories for both 32 Lisa Lane and 30 Lisa Lane to ensure the properties will be rented in accordance with DHCD requirements.

It is important to note that we also try to send the Trust Agent and Trust members when available to informational conferences and training to remain up to date on the most recent housing trends especially as it relates to CPA reporting.

Affordable housing 'opportunities' are difficult to plan and tend to be event driven. We are also working with other developers to create additional 'affordable housing' in Georgetown. The Trust noted it was interested in 255 East Main Street to purchase the land for transfer station in their 2/11/16 minutes.

GAHT RENTAL ASSISTANCE PROGRAM

The 'driver' for this project is the 2011 Housing Production Plan (HPP) that determined Georgetown has a significant housing need for affordable rentals. The 'Rental Assistance Program' (RAP) , yearly provides approximately \$50,000 in assistance towards rent payments for households (some are single parents) who have needed 'a hand up'. There are currently five households participating in the program. Several households have either 'graduated' from the program, required reduced support, or have found to be no longer qualified for the RAP Program. We have also provided loans to individuals with property to make improvements to their homes if they have an affordable housing deed rider attached to them.

The Trustees lost the services of their Trust agent, Howard Snyder when he resigned in February of 2015. The Trust wishes to thank him for his years of service to the Trust. During this 4 month time frame until a new Trust Agent was hired, all of the volunteer members of the Trustees stepped up and spent a considerable amount of time making sure things stayed affoat. I would like to thank the volunteer members of the Trust, especially the chairman and Mr. Nelson who spent considerable time ensuring that items continued to run smoothly during this timeframe.

Respectfully submitted,

Heidi Murphy, Trust Agent

GEORGETOWN ASSESSORS FISCAL YEAR 2017 REPORT

The Assessor's Office, for the sixth time, has completed the state mandated Interim Adjustment on all taxable property which is required in all non-recertification years. In addition to the state mandate the office identified a number of new parcels and new dwellings as well as performed extensive field work to maintain an up-to-date inventory of all real property. All field work and data entry was completed in-house saving the Town thousands of dollars for FY 2017.

The Department of Revenue certified the Fiscal Year 2017 tax rate of \$16.21. New growth was calculated at \$245,244. The new levy limit is \$17,833,255 and Debt Exclusions amount to \$2,412,153 for a Maximum Allowable Levy of \$19,595,408. Actual Levy Raised was \$19,589,655. Below is a table with the parcel counts and value distributed by classes.

Georgetown Community Preservation Committee Annual Report, FY 2016

Background and Authority: The Community Preservation Committee (CPC) is a coalition of representatives from multiple municipal boards and commissions charged with making recommendations for the funding of projects for vote by residents at the annual town meeting. Revenues available for expenditure during the FY 2016, were generated through a 3% surcharge on property values as well as matching funds by the state under the authority of the Community Preservation Act. In 2016, Georgetown received approximately \$198,494 in state matching funds in addition to the \$412,484 in revenues collected from the surcharge.

Under the Act, the CPC solicits and reviews proposals for projects and makes recommendations to the Select Board for inclusion on the town meeting warrant. Residents of the town vote at town meeting on whether to fund the projects. To be eligible for CPA funds, the project must address a need under one of the following categories: The support of Community Housing; the creation and preservation of Open Space; the acquisition, creation, preservation, rehabilitation and restoration of land for recreational use; and Historical Preservation. The Act requires the CPC to reserve at least 10% of the available revenues for each category. For FY 2016, \$59,000 was reserved for each of the required categories, along with \$21,000 as an Administrative Reservation, as allowed under the Act.

Membership: The CPC is comprised of representatives from the Conservation Commission (Rachel Bancroft), Planning Board (Harry LaCortiglia), Park and Recreation Commission (James Dimento), Select Board (Gary Fowler), Finance and Advisory Committee (Ed Dobie), Open Space Committee (Peter Burns), Affordable Housing Trust (Paul Nelson), Housing Authority (David Schauer), and the Historical Commission (James Davenport). The current officers of the Committee are: Harry LaCortiglia, Chair; Peter Burns, Vice-Chair; and James Davenport, Treasurer.

Meetings: The CPC meets the first and third Tuesdays of each month in the Town Hall. The CPC held a public information meeting on April 19, 2016 to inform the town of the projects that it intended to send to the Select Board for inclusion on the town warrant. This meeting was broadcast on local cable television. Additionally, the CPC offered several opportunities for public comment during the project review period.

Project Suggestion Submission Period: The CPC solicited projects from September 15 through November 29, 2015.

Project Selections/Recommendations for Town Meeting: The CPC recommended eleven new projects for funding. Additionally, the CPC recommended that the town vote to appropriate \$150,000 for debt service, principal and interest payments, and costs associated with bond notes related to the High School Fields Rehabilitation Project, which was previously approved at the 2013 Town Meeting under warrant articles 27(I) and 27(H) ATM 5-6-13. The CPC also recommended that the town re-designate CPA funds previously allocated to the Conservation Commission in 2006 and 2010. These funds were not expended for their initially intended purposes. Therefore, the CPC, working with the Conservation Commission, recommended that

the town re-designate them for prevention and control of invasive species in Rock and Pentucket Ponds. Georgetown citizens voted to approve all the expenditures recommended by the CPC at the Annual Town Meeting in May 2016.

Conservation Commission

The Georgetown Conservation Commission is responsible for administering the Massachusetts Wetland Protection Act and the Georgetown Wetlands Protection Bylaw. These laws are intended to protect wetlands, ponds, lakes, brooks, streams, rivers, and any land subject to flooding and their resource areas. Resource areas include land within 200 feet of perennial rivers, streams and brooks, and within 100 feet of all wetland areas. In these "resource areas", the Commission is charged with controlling activities that could degrade water quality, increase flooding, impair wildlife habitat or have any other adverse impacts to the environment.

In working with the Department of Environmental Protection and the Natural Heritage Endangered Species Program with the Division of Fisheries and Wildlife, the Commission strives to continually educate themselves and the community about the importance on preserving our valuable natural resources. As we work together as a community to protect, preserve and conserve, we will continue to establish a town that has a tremendous sense of pride.

The Georgetown Conservation Commission meets on Thursday nights in a Town Hall Meeting Room. Site reviews and additional meetings are held as needed. Exact dates and times of the public hearings and public meetings are posted outside the Assessor's office in Town Hall, as well as, on the town website. All required forms for filing with the Commission are available on the town website or at the Conservation office. The public is welcomed and encouraged to attend.

Each year, the Conservation Commission makes steady progress towards a proactive methodology to conservation. The Commission has developed several standard "Orders of Conditions" which helps applicants better understand the Commission requirements. The local "Orders of Conditions" give the Commission the opportunity to protect specific sites and their unique resources.

The Commission supports town subcommittees such as the "Open Space Committee", "Camp Denison Committee "and "Littles Hill Stewardship Committee", all of which are vigorously working to create conservation areas open for public use. The following are the Commission's current open space locations: Camp Denison, Hampshire Woods, Littles Hill, Bailey Lane, Lufkin's Brook, Spruce Pond, Pentucket Acres, Parker River Landing and Pentucket Pond. Also, the Commission recently acquired additional land abutting the Camp Denison property.

The Camp Denison Committee is in the process of improving the use and appearance of Camp Denison off Nelson Street. There are a number of volunteers who have dedicated their time and effort to make Camp Denison a pleasurable location for the people of Georgetown to spend time. The Camp Denison crew is always working hard to maintain the property. Volunteers and donations have really made a big difference at Camp Denison. The "Work Shop in the Woods" summer day camp for kids have been a tremendous source of income for the camp, as well as the number of other camp rentals such as boat and property rentals.

The Commission continues to move forward on conservation land maintenance. The Department of Wildlife & Fisheries has given the Conservation Commission and the Board of Health a leading role in issuing permits to alleviate threats from beavers. With the beaver population on the rise, the local government can best determine what action is best for the town and how to best protect the public from property damage.

Through the Open Space Committee, the Georgetown Open Space Plan is nearly completed. The Open Space Plan is helping the Commission plan acquisitions and manage Georgetown's open space. The Open Space Committee is helping the Conservation Commission become proactive by acquiring ecologically sensitive and upland resource areas for the passive recreational enjoyment of all Georgetown citizens. Their efforts will help preserve Georgetown character, environmental and natural heritage for our future generations. The Open Space Committee has been very active and has helped open lines of communication with neighboring Communities.

The Commission will continue to be actively involved with educating the people of Georgetown on the Wetland Bylaw and Wetland Protection Act. Making every citizen aware of these valuable resources will help Georgetown become a prize community. Residents who would like to learn more can check out the town web site, come by the Conservation office, or call the office at: (978) 352-5712. We look forward to assisting the residents of Georgetown.

The Commission would like to thank all of the community volunteers who spend their personal time to make Georgetown a great place to live. We would also like to thank the other town boards and their staff for their continued support and help. Respectfully submitted,

Carl Shreder – Chairman
Laura Repplier – Commissioner
Nick Feitz – Commissioner
Andrew Currie- Commissioner
Rachel Bancroft – Commissioner
Rae Ann Baldwin-Commissioner
Steve Przyjemski – Conservation Agent
Susan Flint-Vincent– Administrative Assistant

Camp Denison FY 2016 Report (July 1, 2015 – June 30, 2016)

November 15, 2016

Summary

Camp Denison is a 44-acre environmental resource dedicated to conservation and passive recreation for public use in Georgetown. Our mission is to provide a variety of quality experiences in a natural setting with a specific focus on educational programs for children. The Camp is owned by the Town of Georgetown under the Conservation Commission. It is managed by the Camp Denison Committee and maintained by volunteers. The Camp, consisting of trails through the woods, grounds and buildings located on Baldpate Pond, was started in 1931. It had several incarnations as a children's camp over the years. It was ultimately left abandoned until members of the community, led by Robert "Farmer Bob" Morehouse, convinced the town to purchase the property and resurrected it in 1997. Today it is a thriving facility providing users with a natural setting for their activities.

Activities and Significant Events

The Camp hosted two public events this year. Family Day in September provided an opportunity for members of the community to visit the camp while children engage in a wide range of activities, from pony rides to launching paper rockets, with numerous other educational and fun activities in between. Lunch was served by members of the Selectmen and approximately 350 people attended.

The Easter Egg Hunt in May provided kids and their parents with an outdoor experience while engaged in a search for eggs and prizes. Over 250 children took part in the festivities. Volunteers meet weekly, year-round, to maintain the buildings and trails in a safe and useful condition.

Individuals and families use the Camp daily for dog walking, fishing, play and spending time out-of-doors. Groups of all descriptions, rent the buildings to hold events, meetings and even weddings. Cabins and tent sites are available for camping during the summer.

A children's summer camp held weekly sessions during July and an educational nature program brought different age groups of kids to experience and learn from nature.

On October 14, 2015, Camp Denison's leader Bob Morehouse passed away. While an enormous loss to the Camp, those who shared his vision have reorganized and are carrying on, providing the unique resource and jewel of Camp Denison.

Rental Income and Expenses

Expenses this year included major projects to maintain and upgrade the property such as: electrical upgrade of the lodge, improved roof support in the kitchen, new furnace, drain replacement, trimming dead wood from trees around the lodge and replacement of the porch at the Nature Center. Along with operating expenses, total expenses for the year came to \$26,000, while revenue was close to \$31,000.

Georgetown Council on Aging FY 16 Annual Report

As a result of solid community support, the Georgetown Council on Aging (COA) ended Fiscal Year 2016 in a very strong position, with all of the components in place necessary to move forward with construction of the Georgetown Senior Community Center. Previously, voters had approved the money needed to design and plan the engineering needed to modify a wing of an elementary school (Perley School) for use as a Senior Center. At the November Special Town Meeting, voters approved \$175,000 to begin the construction work involved in repurposing the five classrooms. Following completion of the Shared Use Agreement between the Georgetown School Department and Board of Selectmen, Ambient Temperature Corp. of Newburyport was selected as the project's General Contractor. At the Special Town Meeting in May, voters approved an additional \$50,000 for construction work and then approved \$125,000 from the Community Preservation Fund for the remainder of the money needed to complete the project. Free of charge, carpentry students from the Whittier Regional Vocational Technical High School have provided some of the rough construction work while staff from the Georgetown School Facilities Department have also provided the project with in-kind support. The project is estimated to be complete by the end of October or early November. Based on the documentation of increased services and care management required for a steadily expanding elder population. voters also approved an increase in the COA Personal Services (salary portion) from \$82,489 to \$96,922, a 17 percent increase in the COA's FY17 Budget, which will allow the COA Outreach Worker and Administrative Assistant to move from part time hours to full-time positions once the new facility is complete. The consolidation of the COA's activities, programs and services into one location will allow the COA to serve the Town's current and future population in a more efficient and effective manner. Residents of all ages are excited about the possibilities that the new Georgetown Senior Community Center will bring to the town.

In Fiscal Year 2016, board members and their positions included: Jeannine DesJardins, Chair; Claire Maimone, Vice Chair; Jean Perley, Secretary; Sue Gardiner, Treasurer; Esther Palardy Corona Magner, Diane Prescott, Nancy Thompson, Carol Sheehan, Ann Stewart and Alternate Board Members Sue Clay and Janice Downey. Following the resignation of Sue Gardner in March, board member Carol Sheehan was elected as the board's treasurer and Janice Downey was appointed as an alternate member. Council on Aging staff members in FY

16 included Director Colleen Ranshaw-Fiorello, Outreach Worker Kirsten Klueber, Newsletter Editor/Administrative Assistant Julie Pasquale, Van Driver David Hall, Meal Site Supervisor Ailene "Mickie" Locke and Meal Site Assistant Al Miller.

Committed to the goal of supporting elders as they age in place, the COA offers a wide range of cultural, social, health, informational and educational programs to local elders and their families. According to the 2010 Federal Census, 1,428 elders over the age of 60 live in Georgetown.

However, the 2016 local residents' age list shows that 1,886 elders over the age of 60 live in Georgetown representing approximately 22 percent of the town's total population.

As a result of growth as well as the Georgetown COA's increased connections with the community, the number of duplicated elders served by COA programs and services grew to 7,142 in FY16, a 12 percent increase from FY15. At the same time, the number of duplicated non-elders served also saw a 12 percent increase from the previous year. Including requests for support and assistance with food resources, fuel assistance, transportation as well as support for complex clients living with a variety of physical and psycho/social needs, the COA served 325 non-elders with case management and advocacy in FY16.

As an example of community partnership, the Trustees of the Perley Free School again provided a fuel assistance program to local residents who experience difficulty with heating costs. In addition to the money that is used to fund scholarships for Georgetown graduates and alumnae, the Trustees oversee a small endowment to aid Georgetown residents facing financial hardships. Concerned for people who may have difficulty with heating costs, the Trustees continued the plan for a limited heating assistance program for a fourth year. In FY16, the Trustees provided nine individuals with heating assistance, an increase from the six individuals served in FY15. The grassroots effort enhances heating assistance programs available through Community Action, allowing more individuals to receive services within the community.

The COA's partnership with a local elder lawyer Elaine Dalton has allowed the COA the opportunity to provide a monthly elder law consultation program. With questions regarding elder law, estate planning, health care proxies and advance directives, the program provides elders with resources and information about the next steps to take. In FY16, the program served 10 unduplicated individuals and will continue in the new fiscal year.

The support of Crosby's Marketplace, a local grocery store, as a sponsor for our monthly Men's Breakfast program further illustrates the strength of the COA's partnerships within the community. Along with cooking a nutritious breakfast for the participants, I plan and coordinate speakers for the program. With topics ranging from health and wellness, Medicare, retirement, Veterans' issues, current events, town government, home and personal safety, and local history, speakers are planned each month. During Fiscal Year 2016, we served a total of 186 men, an average of 16 per month, a 15 percent increase from FY15. Participation in the monthly breakfast program continues to evolve and expand with new participants joining the group. Along with an opportunity to share a nutritious meal and socialize with friends, the breakfast program provides the COA with an opportunity to develop relationships with men in the community and to identify their specific needs and concerns.

Participation in the income tax preparation program available through the Association for the Advancement of Retired People (AARP) also saw increased participation this year. Two volunteer Tax Aides prepared state and federal tax returns for 103

unduplicated individuals at the Council on Aging's office this past year. The preparers also served ten unduplicated non-elders in FY16. Along with income tax preparation, the Tax Aides also provided participants with information regarding the state's Circuit Breaker Tax Credit and helped resolve individual issues with the state Department of Revenue regarding requests for additional verification from elders.

A continued partnership with the Georgetown School Department has allowed the COA to further expand programs and activities available to local elders within the community. Seven elders participated in a monthly guest reading and "listening" program that allows participants to read to early elementary students while also listening to young readers read to them. To supplement the exercise classes available through the COA, the Georgetown School Department continues to offer the use of their building for indoor walking during the fall and winter. Eight participants walked a total of 13 times at the school this year. As another intergenerational opportunity, 12 elders attended a high school concert program and holiday breakfast. In April, the Culinary Arts Department at Whittier Regional Vocational Technical High School prepared and served a special lunch for elders at the COA meal site. Along with the very fine cuisine, students and elders enjoyed an opportunity to share and socialize. The programs offered in partnership with the School Department continue to be wellreceived and are all scheduled to resume this fall. With the move to the new Georgetown Senior Community Center at the Perley School, plans are already underway for future intergenerational activities.

The Friends of the Council on Aging group continues to increase community support and raise awareness for the COA's mission of serving elders and their families in the community. Gift basket raffles at recent elections have raised both funds and "friends" for the Council on Aging. The COA donation account has also gratefully received several gifts which have been used to support COA programs and activities.

Participation in the income tax preparation program available through the Association for the Advancement of Retired People (AARP) also saw increased participation this year. Two volunteer Tax Aides prepared state and federal tax returns for 103 unduplicated individuals at the Council on Aging's office this past year. The preparers also served ten unduplicated non-elders in FY16. Along with income tax preparation, the Tax Aides also provided participants with information regarding the state's Circuit Breaker Tax Credit and helped resolve individual issues with the state Department of Revenue regarding requests for additional verification from elders.

The Georgetown and Merrimac Councils on Aging continue to share an 8 passenger van as part of a regional transportation plan. Funded with a grant from the state Department of Transportation's Mobility Assistance Program, the van is leased from the Merrimack Valley Regional Transit Authority (MVRTA) and provides a vital link to needed services for elders and disabled individuals in Georgetown and Merrimac. To support independence and the goal of aging in place, the COA van traveled 5,128 miles in FY16 providing 18 individuals with 80 weekly shopping trips and 35 elders with 53 social recreational outings to restaurants, shopping areas, museums and other recreational

areas, a respective 28 percent and 40 percent increase from the number of elders served in both programs in FY16.

Providing elders with transportation to medical appointments, six volunteer drivers serving through Northern Essex Elder Transportation (NEET), Inc. supplied 8 elders with 64 round-trip out-of-town medical appointments located in Salem, North Andover, Newburyport, Amesbury, Beverly, Lawrence, Ipswich, Wenham Peabody, Danvers, Haverhill, Rowley, Georgetown and Groveland this past fiscal year. The eight volunteer drivers with the NEET program donated approximately 73 hours driving a total of 1,959 miles to provide 11 elders with transportation to their medical appointments, a 37 percent increase in service from FY16. Although some of our clients and drivers have both aged out of the program and it continues to be a challenge to find younger drivers, the service continues to be valuable to those served and those providing the service.

To further address elder transportation needs, the COA staff also provides elders with information and referrals to the Merrimack Valley Regional Transit Authority's (MVRTA) Ring and Ride transportation service. Using wheelchair lift-equipped MVRTA vehicles, the Ring and Ride program provides Georgetown residents with free curb-to-curb transportation to anywhere in Amesbury, Boxford, Georgetown, Groveland, Haverhill, Lawrence, Methuen, Newbury/Byfield, Newburyport, North Andover and West Newbury as well as to the Rowley Commuter Rail Station and Market Basket. The COA staff also provides clients with information and referrals to the MVRTA's Boston and Peabody Medi-Ride Medical Service as well as the Mass Health Transportation Program, if eligible.

While the COA prepares for the new Senior Center facility to become ready for use, the COA continues to offer programs and services in three different locations: office space at Town Hall; rented space at the First Congregational Church which is used for congregate meals, programs, services and activities; and activity space made available without charge by the Georgetown Housing Authority at the Trestle Way Community Building. Exercise classes, the Men's Breakfast, TRIAD and some social events are held in the community room located at the town's public housing while referral, insurance counseling, outreach, transportation coordination, income tax assistance and newsletter production take place in the COA office space located at Town Hall. Assisted by two part-time staff members, the COA Director continues to divide time between the office at town hall as well as coordinating and overseeing activities in the other two locations. With 30 elders participating in the Town's Tax Incentive Program, the COA has gained assistance from four volunteers who provide support for some of the programs and activities that take place at the three different locations.

Weekly exercise, game and craft programs along with seasonal luncheons, socials and monthly birthday parties all saw a 28 percent increase in participation this year. Participation in COA exercise programs increased from 45 unduplicated elders in FY15 to 60 unduplicated elders in FY16 while participation in COA Recreation/Socialization programs increased from 765 duplicated elders in FY15 to 977 duplicated elders in FY16. Community education and health information and prevention programs were

also well attended this past year. The duplicate count of elders eating lunch at the congregate meal site saw a slight decrease this year but the number of elders playing cribbage and card games before lunch continued to show additional participation. Sponsored by a grant from the Georgetown Cultural Council, a series of five musical and theater programs were well attended by 97 unduplicated elders this year, a 32 percent increase from FY16.

A continued connection with Emmaus, Inc. of Haverhill allows the 6-member doll-making group to create hand-sewn dolls for children living in local emergency shelters. Most of the fabric and stuffing material needed for the program is donated by individuals within the community. This year, the COA Director and Outreach Worker delivered 161 dolls to the program's family shelter in Haverhill. The relationship with Emmaus has brought real meaning and purpose to the doll-making group and the relationship continues to be a benefit to the participants as well as to the recipients of the dolls.

On a monthly basis, a SHINE Counselor (Serving the Health Insurance Needs of Elders) is available to meet with people to discuss health insurance questions and concerns. The SHINE Counselor and COA Director often work together to provide clients with a higher level of service, sometimes meeting together or separately to assist clients with health insurance, prescription drug insurance or to provide assistance in completing state or Federal program applications. The meetings often lead to additional outreach to the clients. This year, the COA has seen a significant increase in the number of younger elders seeking supplementary health insurance information as they turn 65 years and prepare to retire. This trend provides evidence to support the position that a steadily increasing local elder population will generate a greater demand for services within the community. During the past year, the SHINE counselor and COA Director met with 63 unduplicated elders to assist with Medicare, Medigap policies. prescription drug plans and other health insurance issues, a 16 percent increase from the 54 individual served in FY16. In October, 10 individuals attended a forum with SHINE representatives from Elder Services of Merrimack Valley (ESMV) to discuss recent changes in the health insurance industry. The program was televised by Cable TV, reaching an even greater audience within the community.

In partnership with the Board of Health, the monthly blood pressure clinics and annual flu clinic all saw steady and stable participation with a 25 percent increase from 44 unduplicated elders in FY16 to 55 unduplicated elders in FY16. The COA's Durable Medical Lending Program loaned 60 pieces of medical equipment to 34 unduplicated individuals this year, an increase from the 40 pieces of equipment loaned in FY16.

The Georgetown TRIAD continues to hold successful safety presentations and programs at Trestle Way in Georgetown. Along with the Essex County Sheriff's Department, the Georgetown TRIAD includes active participation by the Georgetown Police and Fire Departments, the Council on Aging, the Housing Authority and local elders. At least 23 elders participated in TRIAD programs presented by the TRIAD group a Scam Prevention program along with a Senior Photo ID and ICE Your Phone events that also featured File of Life and Grab and Go information tables. Several

members of the Georgetown Police Department were also on hand to present important community safety information.

Providing evidence of the Georgetown COA's increased community connections, client finding with contacts from elders new to the town or to the COA remained steady at 44 unduplicated elders. Including requests for support and assistance with food resources, fuel assistance, transportation as well as support for complex clients living with a variety of physical and psycho/social needs, the COA also served 169 unduplicated elders with case management and advocacy in FY16 which includes maintaining a confidential client file with emergency contact information on each elder served as well as ongoing progress notes on specific elders who receive case management services. In addition to home visits and office appointments, ongoing client support is provided with weekly reassurance calls to frail and homebound elders. In FY16, 384 reassurance/wellbeing calls were made to 345 elders. The COA also received 2,209 telephone calls and requests for information, assistance and referrals from elders this year. To offer additional outreach within the community, the COA Director wrote 50 sympathy, get well, thank you and thinking of you notes to local elders and family members.

In April, COA staff members coordinated and prepared the COA's eighth annual Volunteer Appreciation Breakfast in April as a way to acknowledge and thank many of our volunteers. The breakfast was attended by more than 40 volunteers, including town officials and administration. During the breakfast, the COA Director also held a training session for the volunteers that included an overview of updated information from Massachusetts Population by Age from the American Community Survey, The Older Population from the Administration on Aging and Seniors Warn Beacon Hill Their Numbers are Surging from the State House News Service. The presentation also included research regarding the connection between volunteerism and wellbeing and a review of COA participation statistics.

In FY16, the COA monthly newsletter was mailed or delivered to 8, 278 households. To further strengthen the COA's community outreach, the COA Director writes press releases for local newspapers and cable television and update the Town's website on a monthly basis. Along with posting information on the Cable TV community bulletin board, the Cable TV station frequently records our programs for use on the local Cable TV community access station, allowing information related to elder programs and services to reach a greater audience within the Town. Cable TV interviews and opportunities to present information regarding COA programs and services to community groups and town departments have also expanded the COA's connections within the community. The local newspapers have also supported the COA's community outreach work by publishing feature stories connected to specific elder issues as well as press releases and photographs advancing COA programs and events. This year, three local newspapers published 52 press releases, feature stories, photographs and letters to the editor publicizing COA programs and activities.

Along with increases in case management, an analysis of this year's statistics found that increases were primarily seen in health and community education as well as wellness

and SHINE programs, which provides evidence to support the top three areas of concerns of health and wellness, financial worries and concerns regarding maintaining independence noted by elders in the COA's 2014 participation survey. The increases in this year's statistics also reflect the concern for economic security and health care noted by elders in the greater Haverhill area surveyed by Elder Services of Merrimack Valley in the 2012 Community Needs Assessment. The number of unduplicated elders served by the Georgetown COA in FY16 was 673, a 2 percent increase from FY15. The increase continues a trend that remains steady in the past several years.

The COA thanks the Kiwanis, the Georgetown School Department, Georgetown Cultural Council, Georgetown Country Gardeners Club, the Over the Hill Band, Ashland Farms, Crosby's Marketplace, the Trustees of the Perley Free School, Nunan Florist and Greenhouses, the Friends of the Georgetown Council on Aging as well as the Town departments including the Georgetown Housing Authority, and the Georgetown Police and Fire Department for their continued support during the past fiscal year. With deep appreciation, the COA thanks the more than 140 volunteers who serve as board members, volunteer drivers, program assistants, newsletter production crew, office support and volunteers during special events. Providing the Georgetown COA with almost 3,000 hours of volunteer service this past fiscal year, an estimated value of \$62,550, their hours of service are a valuable asset as well as a significant savings to the town. Not only are they a resource and valuable asset to the COA, but they are a gift to all the people whose lives they touch. Their support is essential to the COA's mission of serving elders and their families.

With the completion of the new Georgetown Senior Community Center scheduled for the fall of the new fiscal year, the Georgetown COA is well positioned to both expand programs and establish new programs while also gaining efficiency and effectiveness in serving elders and their families. In bringing together all of the components needed to plan, fund and build the new facility, the Town has established a model of care and commitment to the diverse age groups who live within the community.

. Georgetown Municipal Light Department

Dear Ratepayer,

I am pleased to present this annual message for 2015 as General Manager of the Georgetown Municipal Light Department. Throughout 2015, Georgetown Light again demonstrated that it is committed to providing customers with an efficient, cost-effective and reliable system.

The year began by testing this reliability, as well as the patience of nearly every Massachusetts resident. We experienced near-record snowfall amounts throughout the winter, and, when all was said and done, our snowfall totals measured well over 100 inches. The snow made for treacherous conditions which could have resulted in numerous power outages if not for the ongoing maintenance programs we have in place.

To maintain the reliability of the electric system, Georgetown Light is proactive through an aggressive maintenance program of its more than 62 miles of overhead and underground lines. In late 2015, Georgetown Light, in conjunction with mPower Innovations, started electronically mapping the electric system, recording each pole, transformer, wire and related equipment, and entering the information into our system. The electronic mapping system will enable our staff to remotely access the data in the event of an outage, making it easier to pinpoint the problem and address the issue.

Georgetown Light has always been an active participant in civic and community events, and 2015 was no exception. During the year, provided electrical safety programs to students at the Perley School, participated in a vehicle day at Georgetown Peabody Library, and put up flags for the American Legion and VFW. The popular and very-much-appreciated customer appreciation day was held during Public Power Week in October, with many Georgetown residents taking the time to come in to learn more about the benefits of public power and our hometown utility. I met with local seniors at the First Congregational Church to address safety issues and concerns, something I have done for the past few years. Our quarterly newsletter continues to be well received and is a great vehicle to keep our customers informed about the utility, staff and programs.

Georgetown Light staff also helped support the Georgetown High School Drama Club by donating time, energy and materials needed to light up the stage before the start of the organization's 2015 theater season.

Georgetown has experienced increases in both residential and business customers during the past few years. We added 22 new customers in 2015.

Georgetown Light is among the small municipal electric departments in the Commonwealth, with a staff of eight employees, a fleet of six trucks, and a customer base of 3515. These customers recognize, and appreciate, our commitment to service, reliability and competitive rates, along with our involvement in the community in which we serve.

Respectfully submitted,

Day & Sulfill

During Fiscal 2016 the Fire Department continued to see requests for services and emergency medical calls increase. As the town emerged from the fiscal crisis that began in 2009 the associated positive trends were witnessed with increases in home sales and contractor renovations. Also, the department has re-assigned and added a few new members to Engine 4 (Erie station). With this re-assignment and adding a few members, we are seeing Engine 4 being utilized more often. With this uptick, the impact on the Fire Department is an increased need for inspections. In FY 2016 the Fire Department continued to move forward with the emergency ambulance service as well as focusing on our regular fire activities and Fire Prevention. We saw the graduation of two members from Emergency Medical Technician school and obtaining their EMT licenses. Two firefighter completed his Call Firefighter recruit training provided by the Massachusetts Firefighting Academy. Overall, it has been a most rewarding year for the Department, but the demands of the training and call volume does take its toll. Several members had to leave the Department because of the growing demand on their personal time. 45% of our calls for service occur on nights, weekends and holidays. Add training requirements on top of this and it's easy to understand the demands made on people.

Some highlights of the recent fiscal year:

- Fire Prevention & Public Education Division This Division continues to be pro-active in the community. Besides providing trained personnel to perform inspections on the schools, homes and businesses we're also very actively involved with our senior and people of all ages. Several community outreach programs were initiated during FY 2016 and were aimed at helping to make our seniors safer in their homes. Visits were frequently made to homes and apartments as well as conducting breakfast meetings and other social events. Over this past year, the Fire Prevention Division has spent countless hours with ensuring the new Penn Brook School met the requirements of all applicable fire codes.
- Training Now that we have a transporting ambulance we spend many hours reviewing and training on procedures associated with emergency medical services. As well, we make the same commitment to our fire training. Personnel dedicate anywhere between 3-4 nights per month and often a weekend to training. The business of a fire department requires personnel keep up with new methods and techniques to be more efficient and safe.
- Grants In FY 2016 the Fire Department applied for a fire/life safety grant and received funding under the S.A.F.E grant program which totaled almost \$6,000. This grant allows us to purchase goods and pay the wages to personnel that go into the schools to educate our children and to help our senior population be fire safe.
- The Heart Safe Community program during the 2015 calendar year. The GTFD Instructors taught total of 26 classes/81participants:

Healthcare Provider CPR: (7 classes and 8 students)
 Heart saver CPR (only): (10 classes and 39 students)
 Heart saver CPR & First Aid: (4 classes and 16 students)
 Heart saver First Aid (only): (5 classes and 18 students)

Upon completion of my first year as Fire Chief, I can say it has been a pleasure serving the community. I look forward to many more rewarding years as the Chief of the Georgetown Fire Department. I look forward to continuing working with the Board of Selectmen, Town Administrator, and Town Department Heads/Staff to provide excellent fire and emergency medical service to the Town of Georgetown. Also, I would like to take this opportunity to thank the Board of Selectmen, Finance Committee and others for their support of our Fire Department. Finally, I would like to take this time to publicly thank our firefighters and their families as well. As a predominately on-call firefighting force, we rely greatly upon these people for providing fire/emergency medical services at a minimal cost to the town. Our firefighters/emergency medical technicians dedicate hundreds of hours for training and answering calls for help. As a firefighter you experience a lot of missed meals, missed ball games, and interrupted family functions, holidays and many sleepless nights. We do this out of the love for the job and the desire to help the citizens of our Town. If you're interested in learning more about the Fire Department, or would like to join call 978-352-5757, or stop the station any time. Be Safe!

Fred A. Mitchell Jr Fire Chief

Housing Authority Annual Report

The Georgetown Housing Authority consists of 126 elderly and handicapped units on Trestle Way and 10 family units on Jewett Street. The Board of Commissioners is made up of four elected Commissioners and one appointed.

Frank Harper	Chairman	elected, term expires 5/2020
Phil Cardoza	Member	elected, term expires 5/2021
Juliette Rec	Treasurer	elected, term expires 5/2017
David Schauer	Vice chairman	elected, term expires 5/2018
State Appointee	vacant	, 1

Our monthly meetings are held at 23 Trestle Way on the second Wednesday of each month at 3:15. There are no regular meetings scheduled in July, August and December.

The 2015 fiscal operating budget was set at \$756,260 for income and \$768,460 for expenses.

All units are occupied or being renovated for new residents.

We have an ongoing management agreement with the Topsfield Housing Authority, sharing administrative and maintenance staff between the two agencies.

In 2016 we are replacing the electric heat with air source heat pumps in 8 handicapped units with a grant from DHCD Sustainability Initiative in the amount of \$112,969.

Our paving project repaired the road and several walkways on Jewett Street as well as added 7 parking spaces around the community building on Trestle Way. This was paid for with a grant from DHCD in the amount of \$90,875.

We are replacing a handicap ramp at the community building with funding from the CPC in the amount of \$23,565.

Annual Report FY16 Georgetown Peabody Library

The Georgetown Peabody Library continues to be an active, vibrant community center and place of relaxation for our residents. The Library's website was revamped for the public in January 2016. The new website was created by Stirling Technologies and has integrated many new features including a new event calendar, more pages with better content, and many opportunities to interact with Georgetown residents. The Library now offers to patrons the ability to reserve discounted museum passes online as well as some new databases such as Mango Languages, Consumer Reports Online, Ancestry Library Edition, and more. A Long Range Plan for the Library was in process as of March 2016.

PERSONNEL:

Emily Havey became the Young Adult Librarian in August 2015. Emily has been a welcomed addition to the staff as she continues to offer programs and resources to our teens.

CIRCULATION/HOLDINGS:

Our Circulation numbers are compiled both from what we own and what we borrow from other libraries. The Georgetown Peabody Library collection consists of 36,029 adult materials, 23,855 children materials, and 2,694 young adult materials. We also have access to 2,381 downloadable audiobooks and 4,842 e-books through our consortium subscription to the Overdrive Media Service. We circulated 36,021 in Adult materials, 2,520 in Young Adult materials and 26,026 in Children's materials. This brings us to a total of 64,567 circulated materials! This includes both physical materials and eBooks/Audio circulation.

BORROWING:

We have 5,672 registered borrowers. We borrowed 10,828 items from other towns for Georgetown Residents, an 18% difference from last year's 12,301 items borrowed! This means Georgetown residents are finding what they want at their own library! We sent out 21,577 items to other libraries. We had 2,727 downloads by our residents through Overdrive, our e-book supplier. This includes both e-books and audio books. This service is free to all cardholders. Non-residents coming to Georgetown borrowed 9,870 items.

HOURS:

People continue to visit our library often averaging 157 per day with a total of 36,959 visits at the library! The Library was open 1,599 hours this year, 164 of those hours were Saturdays, and 447 of those hours were after 5pm.

PROGRAM ATTENDANCE:

We held 180 Children's programs with 2,719 attendees. We also hosted 35 Young Adult programs with 195 attendees and 39 Adult programs with 302 attendees. We had 267 children sign up for the Children's summer reading program and 24 teens sign up for the Teen summer program in FY15. We also started our first Adult Summer Reading Program and had 28 adults sign up.

VOLUNTEERS:

Throughout the year we had 14 volunteers. We had both young adults doing High School Community Service and adults who enjoy contributing their time and effort to the library. They volunteered a total of 277 hours. We are very thankful to have these wonderful volunteers dedicate their time to helping the library continue to be a wonderful place to visit and enjoy.

MEETING ROOM USE:

Our Meeting Room was used for 355 meetings by various groups in town. These include our regular library story hour programs, adult programs, teen programs, the Friends of the Georgetown Peabody Library Book Sale, Cub, Girl, and Boy Scout groups, book club discussion groups, town organizations' meetings, association meetings, yoga and exercise classes for town employees.

SUPPORT:

We continue to enjoy the generous support of the Friends of the Georgetown Peabody Library. They help the library in many ways. They held a fundraiser at Flatbread Pizza Company in January 2016 and held their annual Book Sale in the spring which helped them purchase museum passes and fund our programs for the Summer Reading Programs. The Georgetown Cultural Council has also been great supporters of the library. They provided grant money for the Jungle Jim program.

PLANNING BOARD FISCAL YEAR 2016 ANNUAL REPORT

The Planning Board is constituted under MGL Chapter 41 Section 81A of the Massachusetts General Laws ("The Subdivision Control Law") and consists of five members elected to five-year terms of office. The Planning Board is elected every five years, unless someone resigns and then someone runs for election to replace that seat. The members'names, titles and their expiration dates are as follows:

Name/Title	Elected	Term Expires
Robert Hoover, Chair	5/12/2014	5/2019
Matilda Evangelista, Vice Chair	5/11/2015	5/2020
Robert E. Watts, Clerk	5/14/2012	5/2017
Harry LaCortiglia, Member	5/9/2016	5/2021
Matthew Martin, Member	5/9/2016	5/2018

The Planning Board staff consists of Heidi Murphy, Full-Time Town Planner and Andrea Thibault, Part-Time Administrative Assistant.

Objectives:

- To be responsible and responsive to town officials and departments, state agencies, residents and the general public while complying with statutory requirements and limitations.
- To offer assistance and information to developers, the public and residents throughout the permitting and construction processes for new projects.
- To offer efficient, timely and thorough review of projects under Planning Board jurisdiction, in order to achieve the best possible projects in the interests of the Town.
- To pursue grant opportunities to further planning, community and economic development goals of the Town, in collaboration with other Town departments where appropriate.
- To draft and support passage of new zoning bylaws to further the interests of the Town.

Planning Board Projects: July 1, 2015 through June 30, 2016

• The Planning Board worked very hard on drafting 3 zoning bylaw amendments for the May 2016 town meeting: there were Chapter 57 Stormwater and Erosion Control and Groundwater Protection District Amendments, and Georgetown Square Overlay District (Chapter 40R), . However, they were unable to move forward with two of these due to the fact the town planner resigned in February of 2016; but the Stormwater and Erosion Control Bylaw was brought forward to the voters. Planning Board members and the previous and current Town Planner attended Strategic Plan Visioning Meetings when they did not conflict with Planning Board meeting dates.

PERMITTING ACTIVITY:

Subdivision Control

The Planning Board devotes a significant amount of time to permitting activity. In fulfilling its responsibilities under Chapter 41, Section 81 of the Massachusetts General Laws, the Planning Board worked on 3 approval not required plans, and 2 definitive subdivision plans in various stages, during fiscal year 2016.

Subdivisions Previously Approved & Under Construction or Requiring Follow-Up Activity

The following subdivisions were approved by the Planning Board either during this fiscal year or prior to this fiscal year and construction occurred on them:

Little Hill Subdivision.
Turning Leaf Subdivision
Crescent Meadow Lane
Palmer Lane Subdivision

Definitive Subdivision Approvals

Palmer Lane 4 lots (1 existing)

Turning Leaf Subdivision – Certificate of Modification of Approval – 22 lot subdivision, 2 existing lots

Approval Not Required Activity:

3 Approval Not Required ("Form A") plans were submitted to the Planning Board. All were endorsed.

50 Tenney Street 25 Lisa Lane National Avenue

1 Major outdoor active recreational facility Update

Park and Rec East Main Street Athletic Facility Update

Site Plan Review Activity:

The following is a list of the two Site Plan Reviews that were issued in fiscal year 2016 by the Planning Board:

Nunan's Site Plan Review - 269 Central Street - Approved Healthy Pharmaceuticals - 401 E Main Street - Medical Marijuana Dispensary - Approved

OSRD Special Permit

Bailey Lane - Denied

Medical Marijuana Dispensary Special Permit

Healthy Pharmaceuticals – 401 E Main Street - Approved

Assistance to Other Town Boards

The Planning Board and its staff rendered assistance and made recommendations on numerous requests from other Town Boards, Commissions and Departments throughout the year. In addition, the Town Planner works closely with other departments by providing long-range planning as requested.

Planning Board Meetings

The Board would like to thank Howard Snyder who worked as the Town Planner for the Town of Georgetown for 4 years and resigned in February of 2016. He contributed a lot to the Town of Georgetown! The Board would also like to recognize the additional time the administrative assistant put in during the 4 month recruitment process for a new town planner.

Finally, I would also like to acknowledge the hard work of ALL the volunteer planning board members, particularly the Chairman who put in a lot of time and effort working with the Administrative Assistant during the transition until a new town planner was hired. Many board members worked tirelessly and effortlessly to come together as a team during this crucial transition period.

The Planning Board gratefully acknowledges the hard work of its staff as well as the staff of other Town Departments, and all other Boards and Commissions whose assistance was invaluable during the year.

Respectfully submitted,

Heidi Murphy, Town Planner On Behalf of the Georgetown Planning Board

Georgetown Police Department

As in years past FY 2016 brought additional many to the Georgetown Police Department. After the retirement of two (2) long term officers last year, Reserve Officer Matthew Carapellucci was promoted to full-time status after completing all of his necessary training. It was a proud moment to announce he graduated as the President of his academy recruit class. Additionally, with the ever changing environment within our reserve force ranks, several new part-time officers were added to the list to complement the growing needs of our reserve police force.

The department continued to enhance all department policies and procedures to maintain Accreditation status with the Massachusetts Police Accreditation Commission. The department has maintained this award since 2007 and is one of only 56 agencies in the Commonwealth to do so. This is a true testament to the dedication of our officers to provide a 21st Century Policing Model as out lined by the President's Task Force on American Policing. The department will continue to maintain a true leadership role in our area.

All department personnel were trained as required by law and received the appropriate certifications to remain proficient in their skills as police officers and dispatchers. New Tasers were purchased to replace the aging compliment of weapons. Officers and Dispatchers continue to strive in maintaining the Public Safety Building and preserve it for the future. Although funding is often limited, employees continue to volunteer and keep the department in great condition and accessible to the public at all times. The creation of a Police Department Chaplain Program was announced this year and provides non-denominational spiritual guidance to the department and its members.

As the Police Chief, I am indebted to the dedicated men and women of the police department for their cooperation, commitment and professionalism to our community. Law Enforcement experienced a very difficult year, but as in years past I witnessed so many acts of kindness, generosity and commitment that few police departments can attest to. Thank you again.

Finally, on behalf of the entire department, we thank our residents for their unwavering support financially and for the endless acts of appreciation shown to us all. Particularly this year the department received countless gifts of food, coffee, and most important letters of thanks from our residents. Please know as your police department, we will continue to serve, protect and keep our community safe and always attempt to provide the best and proactive police services available.

Respectfully Submitted,

Donald C. Cudmore

Recreational Path Committee 2016 Fiscal Year End Report

November 23, 2016

Status

Progress continues to be made on the Georgetown 4.5 mile recreational path. The trail is a part of the 30 mile Border to Boston trail that will run from Danvers north through Wenham, Topsfield, Boxford, Georgetown, Newbury, Newburyport, and Salisbury. The Border to Boston trail is part of the East Coast Greenway that runs from eastern Maine to Key West Florida. The Danvers, Wenham, Topsfield, Newburyport, and Salisbury sections are in use and portions of the Georgetown trail are available for use.

More walkers and cyclists continue to use the trail despite the bridges that need repair and sections that are still impassable. The High School cross-country team has found it to be an excellent training ground. The sections that are available are a wonderful addition to the town's recreational options and you can meet members of the community making use of the trail.

Mowing and trimming was scheduled to be handed off to the Highway Department in 2016 under the supervision of the Park and Rec Commission. The Highway Department was not ready to take this work on so it continues to be done in authorized areas by the committee.

The projects to design the trail are managed by Mass DOT, project # 607541 south of Andover St., and Project # 607542 north of Andover St. Last year we finalized construction funding for both projects and they were scheduled to be constructed in 2018 and 2019 respectively. Due to changes in priority of regional highway projects, the funding has been rescheduled now to happen in 2019 and 2020.

Accomplishments

The following is the timeline of key activities and accomplishments for FY 2016.

- An informational meeting was held at Town Hall by the state project team for the southern part of the trail to provide an update to residents on May 10th.
- National Grid conducted a survey of wire height above the right-of-way and signed-off that there is sufficient height for use of the trail.
- To accept the southern part of the trail as a project, the trail needs to have a terminus with
 public access and parking. The project team and RecPath Committee walked the trail in
 April and agreed that it would extend into Boxford to Georgetown Road. Boxford is not
 ready for construction south of Georgetown Road and agreed to have our trail extend to
 that point.

Committee

The FY 2016 members of the committee are Jeffrey Wade (chair), Bill Hastings, Chris Roop, Sandy Martin and Julie Coolidge.

Next Steps

• 25% Design Public Hearing by MDOT

- Determine plan for interim repair and opening of bridges
- Develop "Friends of the Trail" and additional community engagement
- Environmental permitting and completion of design
- Finalization of the National Grid lease following 75% design

Town of Georgetown

TOWN CLERK

Town Hall
1 Library Street

Georgetown, MA 01833 (978) 352-5711

The Town Clerk's Office was extremely busy this year as it was the beginning of a presidential election year with four upcoming elections and two town meetings.

We licensed approximately 1400 dogs. Thank you to Detective Jones, Animal Control Officer, for his hard work.

We processed and recorded 70 births, 47 deaths and 13 marriages.

It continues to be a very busy office with vitals, elections, town meetings, dog licenses, appointments, business certificates, voter registrations, tracing ethics, census, posting meetings, etc with only part time staff.

The population of Georgetown in approximately 8500

Respectfully Submitted,

Janice McGrane, Town Clerk

TOWN OF GEORGETOWN SPECIAL TOWN MEETING November 2, 2015

The Special Town Meeting was held in the auditorium of the Georgetown Middle High School. The Town Meeting was called to order at 7:06 PM with a short recess of 10 minutes to wait for a quorum. At 7:14 PM we have a quorum.

The return of the warrant shows that it was properly served. We were led in the Pledge of Allegiance by Fire Chief Mitchell. Doug Dawes gave an invocation praying for Rev. Jim McLaughlin's recovery and the Moderator called for a moment of silence for Bob Morehouse and others who are no longer with us.

The non-voting members in the audience as well as on stage and also the voting members on stage were recognized by the Moderator.

The Moderator accepted a motion from Joe Soucy to adopt a 5 minute speech limit and it was seconded by Harry LaCortiglia. There was no discussion and this passed by a 2/3rds vote.

ARTICLE 1: Adjustments to the Fiscal Year 2016 operating budget

To see if the Town will vote to amend the vote taken under Article 2 of the May 4, 2015 Annual Town Meeting warrant for the purpose of adjusting line items in the FY 2016 budget, and other departmental transfers if needed, and to raise and appropriate or transfer from available funds a sum of money for this purpose, or take any other action in relation thereto.

Account Name	Line Item	Increase	Decrease
Electricity Expense	11512	30,600	
Natural Gas Expense	11513	45,900	
Reserve Fund		61,500	

Board of Selectmen recommend approval. (Vote-4-0)

Finance and Advisory Board recommends approval. (Vote-6-0)

MOTION: Joe Bonavita moved and it was seconded by David Surface that the Town vote to amend the vote taken under Article 2 of the 2015 Annual Town Meeting Warrant by increasing the amount appropriated to the expense line items as printed in the Warrant and the Reserve Fund in the amount of \$55,000 (Fifty five thousand dollars), and as funding therefor, to raise and appropriate the sum of \$131,500 (One hundred thirty one thousand five hundred dollars).

DISCUSSION: There was no discussion

ACTION: By a show of hands, the Moderator declared this article passed unanimously

ARTICLE 2: Appropriation of Free Cash for the Snow and Ice deficit FY 2015

To see if the Town will vote to raise and appropriate, and or transfer and appropriate from available funds, including Free Cash, or any combination for the foregoing, the sum of \$275,331 (Two hundred seventy-five thousand three hundred and one dollars) to be applied to the snow and ice deficit of a prior fiscal year (FY2015), or take any other action in relation thereto.

Board of Selectmen recommend approval. (Vote-4-0) Finance and Advisory Board recommends approval. (Vote-6-0)

MOTION: Joe Bonavita moved and it was seconded by Doug Dawes to transfer from Free Cash the sum of \$276,944 (Two hundred seventy six thousand nine hundred and forty four dollars) to be applied to the snow and ice deficit incurred in Fiscal Year 2015.

DISCUSSION: Richard Paganelli stated he read an article that there was FEMA funding available and we should take advantage of it. Jim Lacey said this money takes into account the money we are getting from FEMA. The Town spent ½ million dollars this past winter

ACTION: By a show of hands, the Moderator declared this article passed unanimously

ARTICLE 3: Unpaid Bills

To see if the Town will vote to raise and appropriate, or transfer and appropriate from available funds, including Free Cash, or any combination for the foregoing, the sum of \$19,530.56 to pay the following unpaid bills from prior fiscal years:

Unpaid bills:

- □ Georgetown Municipal Light Department-\$16,796.78
- □ Boston Systems & Solutions-\$980.00
- □ Kopelman and Paige, P.C.-\$1,753.78

or take any other action in relation thereto.

Board of Selectmen recommend approval. (Vote-4-0) Finance and Advisory Board recommends approval. (Vote-6-0)

MOTION: (9/10 vote is required to approve this article) Joe Bonavita moved and it was seconded by David Surface to transfer from Free Cash the sum of \$19,530.56 to pay the following unpaid bills from FY14 & FY15:

Georgetown Municipal Light Department in the amount of \$16,796.78;

Boston Systems & Solutions in the amount of \$180.00

Boston Systems & Solutions in the amount of \$800.00; and

Kopelman and Paige, P.C. in the amount of \$1,753.78.

DISCUSSION: Harry LaCortiglia questioned the Light Dept. Bill. Dave Schofield, Light Dept. Manager stated it was the result of a billing error between the old Penn Brook School & the new Penn Brook School

ACTION: After the tellers conducted a head count, the Moderator declared this article passed by a 9/10ths vote with 91 in favor & 1 opposed

ARTICLE 4: Senior Center

To see if the Town will vote to raise and appropriate, borrow, or transfer from available funds, a sum of money to be expended under the direction of the Board of Selectmen for the purpose of rehabilitating, reconstructing, or otherwise improving the Georgetown Senior Center, including all costs incidental and related thereto, or to take any other action in relation thereto.

Board of Selectmen recommend approval. (Vote-4-0) Finance and Advisory Board recommends approval. (Vote-6-0)

MOTION: Gary Fowley moved and it was seconded by David Surface to transfer from free cash the sum of \$175,000 (One hundred seventy five thousand dollars) to fund the first phase of a project to rehabilitate, reconstruct and/or improve the Perley School building for a Georgetown Senior Center, including all costs incidental or related thereto.

EXPLANATION: David Surface stated the project cost for this phase is \$350,000 We will be asking CPC for the other \$175,000 at the spring town meeting. This is the financially responsible way to approach this not knowing how this winter will be. We will be getting help from students at Whittier VoTech to help keep the costs down.

DISCUSSION: Mike Hinchliffe mentioned that the school committee did not vote to give the school over to the COA for a senior center yet and shouldn't we hold off on this vote. Jim Lacey stated that we're just appropriating the money tonight and there is no need to spend just yet until the Memorandum of Agreement is signed.

Ed Desjardins & Dick Boucher spoke in favor of approval of this article as Georgetown is long overdue for a senior center that we've been talking about for years. We've spent money on schools numerous times, a library, police/fire station and now it's time for the seniors.

Robert Kelly thinks this is a great idea, but why not fund the entire amount of \$350,000 tonight? Why wait for CPC in the spring.

David Surface said this is the best way to go right now. Both the Finance Committee & the Board of Selectmen voted this way.

MOTION TO AMEND: Robert Kelly moved and it was seconded by Barbara Linares to transfer \$350,000 from free cash

DISCUSSION ON AMENDMENT: Jim Lacey stated the balance in free cash would be only \$300,000 and they're concerned that we might have another bad winter. Chris Laut questioned using CPC monies under the historical category as Perley is not a historical building. Harry LaCortiglia explained that once CPC money is appropriated for a historic project that we need to meet state requirements and Perley is not historic. Tom McEnaney from Kopelman & Paige said

that the historical category now includes rehab and this falls into that category. Joe Soucy is concerned that the price will now go up if it falls into the historical category and Dave Surface said he already has the architect's price.

Wayne Snow called to move the question.

ACTION ON THE AMENDMENT: By a show of hands, the amended motion does not pass.

Back to the main motion:

ACTION: By a show of hands, the Moderator declared this passed unanimously

ARTICLE 5: Water Department Operating Budget

To see if the Town will vote to amend the vote taken under Article 5 of the May 4, 2015 Annual Town Meeting to clarify that of the \$1,948,000 (One million, nine hundred forty eight thousand dollars) appropriated for the Fiscal 2016 Water Department Enterprise, \$1,532,000 (One million, five hundred thirty two thousand dollars) will be raised from Enterprise receipts and \$416,000 (Four hundred sixteen thousand) will be raised from retained earnings, or take any action in relation thereto.

Board of Selectmen recommend approval. (Vote-4-0) Finance and Advisory Board recommends approval. (Vote-6-0)

Explanation: Lou Mammolette stated this is just inserting words that were missing for the funding sources

The FY2016 Water Department budget approved at the May 4, 2015 Annual Town Meeting did not specifically indicate that a portion of the budget was intended to be funded from Water Department Enterprise Fund retained earnings. This article seeks to correct this oversight by specifying the amounts to be used from each funding source. The total budget approved at the Annual Town Meeting is unchanged by this article.

MOTION: Lou Mammolette moved and it was seconded by George Comiskey that the Town vote to amend the vote taken under Article 5 of the May 4, 2015 Annual Town Meeting to clarify that of the \$1,948,000 (One million, nine hundred forty eight thousand dollars) appropriated for the Fiscal 2016 Water Department Enterprise, \$1,532,000 (One million, five hundred thirty two thousand dollars) will be raised from Enterprise receipts and \$416,000 (Four hundred sixteen thousand) will be raised from retained earnings.

DISCUSSION: There was no discussion

ACTION: By a show of hands, the Moderator declared this passed unanimously.

MOTION TO ADJOURN TONIGHTS SPECIAL TOWN MEETING: Joe Soucy moved and it was seconded by Ed Desjardins to adjourn tonight's special town meeting

ACTION: By a voice vote, the Moderator declared this passed unanimously. The time is 7:54 PM

A True Copy Attest:

Harry LaCortiglia moved and it was seconded by David Surface to approve A, B, D, E, F, H, I, J, K & M as printed in the warrant.

DISCUSSION: None

ACTION: By a show of hands the Moderator declares this passes unanimously

Peter Durkee asked to hold C & G for discussion Steven Pinto asked to hold L for discussion

MOTION on 16C: Harry LaCortiglia moved and it was seconded by Gary Fowler to approve section "L" as printed in the warrant

DISCUSSION: Peter Durkee has a question for debate. Why are CPC funds which are our tax dollars being used on state land. GHA is run by the State. Harry explained that the land is in Georgetown and these funds are for community housing. GHA gets little funding from the state when they need things done and our CPC dollars are matched by the state. George Comiskey stated that the land is owned by GHA and only comes back to the town if the GHA is dissolved. Phil Trapani also stated that Trestle way is used by our COA and by the community.

ACTION: By a show of hands, the Moderator declared this passes by a majority.

MOTION ON 16G: Harry LaCortiglia moved and it was seconded by Gary Fowler to approve 16G as printed in the warrant.

DISCUSSION: Peter Durkee has question for discussion. Would like to know why we're using Town funds when the church does not even pay taxes. Harry LaCortiglia stated the funds must be spent on historical preservation. It is one of 3 major churches which make up the town's history. The doors will be built as they originally were. Joe Soucy asked Tom McEnaney from Town Counsel if it was legal that we use town funds for churches and he stated there is nothing that prohibits it. Joe Soucy asked if the church is already on the historical register or if we're placing the first restriction on it. Chris Comiskey stated the church was built in 1874 and it is a historical important building in this town. The Brocklebank Museum is also non-profit and not owned by the

Town and you just passed something. Lisa Durkee said she watched many changes to the back side of the building, steeple and cell antenna. Is this appropriate to make changes only when they want it to be historical? They also receive money from Verizon. David Surface asked if there was a grant agreement and Harry stated yes as printed in the article.

ACTION: By a show of hands, the Moderator declared this passed by a majority.

MOTION ON 16L: Harry LcCortiglia moved and it was seconded by Gary Fowler to approve 16L as printed in the warrant.

DISCUSSION: Steve Pinto of Thurlow St asked that this be held for discussion. Steve states that paving the roadway does not fit in the spirit of Camp Denison and it's not environmentally correct. Carl Shreder stated that there is lots of car traffic on this roadway and paving will help with erosion control and drainage.

ACTION: By a show of hands, the Moderator declared this passed by a majority.

Article 17: Hunting Rules and Regulations on Town Public Property (ATM16-20) (Submitted by Police Department)

To see if the Town will vote to approve an amendment to Chapter 68 of the Town's General Bylaws as follows:

Insert a new section 68-6:

Hunting and Trapping on Town-owned Land. Hunting or trapping on all Town-owned land shall be prohibited except with a permit issued by the Board of Selectmen in connection with public health, safety, or welfare.

Delete the text of section 68-4, Violations and penalties, and insert in place thereof the following:

Any person(s) in violation of this Chapter 68 shall be punished by a fine of not less than one-hundred (\$100.00) dollars for the first offense, two-hundred (\$200.00) dollars for the second offense and three hundred (\$300.00) dollars for the third and subsequent offenses thereafter.

, or take any other action in relation thereto.

MOTION: There is no motion, this article is being passed over

Article 18: Stormwater and Erosion Control Bylaw (ATM16-22) (Submitted by Planning Department)

To see if the Town will vote to amend Chapter 57 of the Town's General Bylaws, Erosion and Stormwater Control, by deleting the strikethrough text and inserting the bold italic text, or take any other action in relation thereto.

<u>Chapter 57. Stormwater and Erosion Control</u> §Section 57-1. Purpose

A.1. Establish a mechanism by which the municipality can monitor and ensure compliance with requirements of its National Pollutant Discharge Elimination System (NPDES) *MS4* General Permit for Stormwater Discharges from Small Municipal Separate Storm Sewer Systems and other applicable State and Federal mandates.

§Section 57-2. Definitions

Α.

PERMIT GRANTING AUTHORITY ("PGA"): The Conservation Commission *Planning Board* or its' agents designated to administer and enforce this Bylaw.

§Section 57-5. Exemptions

Exemptions from this Bylaw apply to the following activities, provided that a project is solely comprised of any one of these activities:

A. Activities that require site plan review, definitive subdivision or special permit approval from the Planning Board.

- B. A. As authorized in the NPDES General Permit for Stormwater Discharges for Small MS4s for Massachusetts, an activity that is wholly subject to jurisdiction under the Wetlands Protection Act and Wetlands Protection Bylaw and demonstrates compliance with Massachusetts storm water standards as reflected in an issued Order of Conditions, provided that the activity also demonstrates compliance with any additional performance standards contained in the Regulations promulgated to implement this By- Law
- C. B. Normal maintenance and improvement of land in agricultural use as defined by the Wetlands Protection Act Regulations at 310 CMR 10.04 ("Agricultural")
- D. C. Normal maintenance of Town owned public land, ways and appurtenances;
- **E. D.** Repair, replacement, or reconstruction of an existing driveway provided that erosion control measures are utilized to prevent runoff and sediment from entering a traveled way or adjacent properties.
- F. Any work or projects for which all necessary approvals and permits were issued before the effective date of this Bylaw.

- G. F. Normal maintenance of existing landscaping, gardens or lawn areas associated with a single family dwelling provided erosion control measures are utilized to prevent runoff and sediment from entering a traveled way or adjacent properties.
- H. G. Construction of any fence that will not alter existing terrain or drainage patterns.
- **H.** Repair or replacement of septic systems or wells when approved by the Board of Health for the protection of public health on lots having an existing dwelling provided that the Board of Health determines:
 - 1. There is minimal grading as defined in Title 5 of the State Environmental Code, 310 CMR 15.000;
 - 2. There is no change or expansion of use as defined by Title 5, and
 - 3. The work includes the use of BMPs to prevent erosion, sedimentation, and release of pollutants.
- J. I. Construction of utilities (gas, water, wastewater systems, electric, telephone, cable television, etc.) other than drainage which will not alter terrain, ground cover, or drainage patterns, so long as BMPs are used to prevent erosion, sedimentation and release of pollutants.
- K. J. Emergency repairs to any existing utilities (gas, water, wastewater systems, electric, telephone, cable television, etc.) and emergency repairs to any stormwater management facility or practice that poses a threat to public health or safety, designated by the PGA. Where such activity is subject to the jurisdiction of the Conservation Commission, the work shall not proceed without the issuance of an Emergency Certification by the Commission. This would require verbal authorization from the authority having jurisdiction
- L. K. The maintenance, reconstruction or resurfacing of any public way; and the installation of drainage structures or utilities within or associated with public ways that have been approved by the appropriate authorities provided that written notice be filed with the PGA fourteen days (14) prior to commencement of activity;
- M. L. The removal of earth products undertaken in connection with an agricultural use if the removal is necessary for or directly related to planting, cultivating or harvesting or the raising or care of animals

§Section 57-6. Administration

- A. The Conservation Commission *Planning Board* (PGA) shall be responsible for the administration, implementation, and enforcement of this Bylaw.
- B. Any powers granted to or duties imposed upon the PGA may be delegated in writing by the PGA to its employees or agents or other municipal employees as appropriate.
- C. Stormwater & Erosion Control Regulations ("Regulations"). The PGA may adopt, with consult with the Conservation Committee, and periodically amend, rules and regulations relating to the terms, conditions, definitions, enforcement, fees (including application, inspection, and/or consultant fees), delegation of authority, procedures and administration of this Bylaw after

conducting a public hearing to receive comments on the proposed rules and regulations or any proposed revisions. Such hearing dates shall be advertised in a newspaper of general local circulation at least seven (7) days prior to the hearing date. Failure of the PGA to promulgate such rules and regulations or a legal declaration of their invalidity by a court shall not act to suspend or invalidate the effect of this Bylaw.

MOTION: Rob Hoover moved and it was seconded by Phil Trapani to approve Article 18 as printed in the warrant.

Planning Board voted 5-0 in favor of approving this article

DISCUSSION: None

ACTION: By a show of hands the Moderator declared this passed by a majority

MOTION TO ADJOURN: Phil Trapani moved and it was seconded by David Surface to adjourn tonight's town meeting. The time is 8:14 PM

FY2016 Annual Town Report Eastern Essex District of Veteran Services Year: FY2016

Eastern Essex District of Veterans Services is charged under Massachusetts General Laws Chapter 115 with providing services to Veterans, dependents, and widows. Chapter 115 benefit is for low income Veterans, dependents, and widows. It can come in the form of Ordinary Benefits, Medical, and/or Fuel, depending on the claimant situation. The Town funds this program for their resident Veterans, dependents, and widows, and is subsequently reimbursed 75% by the Commonwealth. It is the responsibility of the Veteran, dependents, or widow to follow the process dictated by the Department of Veteran Services so that the Town receives the fully allowed reimbursement.

The Commonwealth has an exam to certify the Veteran Service Officer (VSO). I am a Certified Veteran Service Officer working for Georgetown. If the VSO were not certified then there is a chance that the Town would not receive the full 75% reimbursement.

The Veteran Services' Department acts as liaison between the Veteran and the State and Federal Government. This department assists Veterans with all benefits related to their Military Service; Service-Connected Disabilities, Bonuses, Pension/Annuities, Aid and Attendance, Burial Benefits, Homelessness, Education, Home Loan, military records, ect.

Zoning Board of Appeals Mission Statement FY16 Town Report

The Zoning Board of Appeals adjudicates requests placed before them. The ZBA is a quasi-judicial body that operates under the authority of Chapter 40A of the General Laws of the Commonwealth of Massachusetts, and the Georgetown Zoning Bylaws Chapter 165 for the purpose of promoting health, safety, convenience and general welfare of the Town of Georgetown.

By statue, The Zoning Board of Appeals must follow strict timelines for their decisions. Anyone aggrieved by a decision of the ZBA may appeal to the relevant judicial body.

Thank you in advance for your consideration. The Zoning Board of Appeals
