

A Message To Our Neighbors From Seabrook Station:

What:

All 121 sirens of the Seabrook Station Public Alert and Notification System will be sounded.

When: Wednesday, November 10, 2010 At 12:30 p.m.

Why: Public demonstration of the siren tone sound for the information and education of area residents in and around Seabrook Station's 10-mile emergency planning zone.

What Will You Hear: A steady siren tone for a 3-5 minute period.

What Should You Do When You Hear The Sirens:
No Action Is Necessary for this demonstration.

In the event sirens are activated due to an actual emergency, tune to an Emergency Alert Station for information (in NH, 97.5 FM; in MA, 92.5 FM, 93.7 FM, 98.5 FM, 1030 AM or 1450 AM) and refer to your annual emergency planning calendar.
