## Certification of Toilet Replacement

Customer's Name \_\_\_\_\_

Rebate Number \_\_\_\_\_

Plumber's Name \_\_\_\_\_

Plumber's MA License Number \_\_\_\_\_

I hereby attest that the toilet I replaced in the residence or business of the above-named Georgetown Water Department customer used a minimum of 3.5 gallons per flush. The new toilet is rated at 1.28 gallons per flush or less.

Plumber's Signature \_\_\_\_\_

Date of Replacement \_\_\_\_\_

Address of Replacement \_\_\_\_\_

Georgetown, MA 01833 - \_\_\_\_\_

**Certification of Clothes Washer Installation in Georgetown**

**Customer's Name** \_\_\_\_\_

**Rebate Number** \_\_\_\_\_

To be eligible for a rebate, clothes washers must have an EnergyStar Water Factor of 5.0 or less. A list of EnergyStar clothes washers and their Water Factors can be found at:

[http://www.energystar.gov/index.cfm?fuseaction=find\\_a\\_product.showProductGroup&pgw\\_code=CW](http://www.energystar.gov/index.cfm?fuseaction=find_a_product.showProductGroup&pgw_code=CW)

Please note that some EnergyStar models do not qualify for a rebate in Georgetown because their EnergyStar Water Factor is greater than 5.0.

**New washer manufacturer:** \_\_\_\_\_

**New washer model number:** \_\_\_\_\_

**New washer EnergyStar Water Factor:** \_\_\_\_\_

To assist in evaluating the effectiveness of the rebate program, please provide the following information about the clothes washer being replaced:

**Is the old washer a top-load model?**       **Yes**       **No**

**Old washer manufacturer:** \_\_\_\_\_

**Old washer model number:** \_\_\_\_\_

I hereby attest that the washing machine for which I am applying for a rebate was installed at the following Georgetown address.

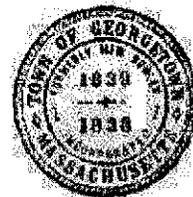

**Address of Installation** \_\_\_\_\_

**Georgetown, MA 01833**

**Date of Installation** \_\_\_\_\_

**Customer's Signature** \_\_\_\_\_

### Rebate Checklist

#### High-Efficiency Toilet (HET)

WaterSense-listed High-Efficiency Toilets (HETs use or average 1.28 gallons per flush or less—see [http://www.epa.gov/watersense/product\\_search.html](http://www.epa.gov/watersense/product_search.html)) are eligible for a rebate of the purchase price, including sales tax, of up to \$200 (limit: one rebate per customer). The high-efficiency toilet must replace a toilet using at least 3.5 gallons per flush, and must be installed in Georgetown, to be eligible for a rebate.

**NOTE - The newly installed HET must be WaterSense-approved (see [http://www.epa.gov/watersense/product\\_search.html](http://www.epa.gov/watersense/product_search.html)), and be rated for at least 700 grams of flushing power (you can look up the flushing power of nearly 1,400 models of HETs on the MaP testing list at <http://www.cuwcc.org/MaPTesting.aspx>).**

#### Documentation Requirements:

1. Numbered, dated rebate reservation from the Water Department
2. Proof of purchase (invoice or cash receipt) dated within 45 days of reservation
3. Proof of inspection by Georgetown plumbing inspector
4. Proof that a high-volume (3.5 gallon flush or more) toilet was replaced, signed by a licensed plumber (form available at the Georgetown Water Department)

The above documentation must be submitted within 45 days of issuance of the rebate number.

Allow up to six (6) weeks from submission of required documentation for rebate check.

#### Washing Machine

A washing machine with an EnergyStar Water Factor of 5.0 or less is eligible for a rebate of \$100 (limit: one rebate per customer). Washing machine must be installed in Georgetown to be eligible for a rebate.

#### Requirements:

1. Numbered, dated rebate reservation from the Water Department
2. Proof of purchase (invoice or cash receipt) dated within 45 days of reservation
3. Signed certification of installation in Georgetown

The above documentation must be submitted within 45 days of issuance of the rebate number.

Allow up to six (6) weeks from submission of required documentation for rebate check.
